Gardiner's Rheumatic

NEURALGIA COMPOUND: This remedy, so extensively known, and so unqualifiedly endorsed by the Medical Faculty is offered to the public as unequalled by any other in the treatment of Rhemmatism and Neuragia, ne matter of how long standing or how severe. Fatients who had for years drawn a miserable existence, have by an occasional dose of this "Baim of Gilead," bean restored to health and comfort after all the usual remedies and nostrums had been tried and found useless. Its surprising effects have been experienced by thousands, and never known to fail. It requires no restraint from business or pleasure, and may be used by those of the most delicate constitutions as a strict purifier of the blood, which is so very essential in the foundation of good health JAMES GONEGAL. The hoop for the button is punched with two holes at one end and fifteen at the other. The band has only to be drawn tight, the holes in the two ends to be brought together,—the two hole end on top—and the button inserted. One button will answer, but it is better to insert two.

With the Buckle Tie, one end of the hoop is fastened to one section of the Buckle, the other end is inserted in the other section, and simply shoved through it under the other end as long as there is

The undersigned, Fire Warden and Fire Inspector of the New Orleans Insurance Companies, are of opinion that the Iron Tie affords greater protection against loss in case of fire than the old style of baling with rope.

Six: In January last I received from your Press 10:50
bales of eotton, of which about 10:00 were recompressed and bound with your new "Iron Tie." I
can safely affirm that the cotton so bound was received in better order than it generally comes from
the Presses, that it stowed better, and enabled the
ship to carry more than on any previous voyage!

The cotton when discharged from the ship in
Liverpool, was in better order than the rope bound
cotton; it is highly preferable for a ground tier, as
dampness from the ballast has no effect upon it, for
it is well known by practical men that dampness will
rot the rope bound. I can confidently recommend
your "Iron Tie," as I took this lot for an experiment
and carefully watched it both in loading and discharging. I am Sir, Yours Respectfully, JOHN HOWARD, Master
